Web Developer with experience doing cool and impactful things. Passionate for doing cool and impactful things.

EDUCATION

UT-Austin Boot Camp	**Remote**
	September 2023–March 2024

- Developed a personal portfolio of deployable websites and web-based applications using HTML, CSS, JavaScript, and GitHub for version control
- Utilized Agile methodologies to collaborate with classmates, creating projects through the entire lifecycle of ideation, iteration, development, and deployment
- Learned about ....

Recipe Finder Website - *Lil' Chefs*	*October 2023*

- Collaborated with a team of four to develop a user-friendly website aimed at helping users find recipes based on available ingredients and preferences
- Implemented third-party APIs to fetch recipe data and integrated into the website's functionality
- Utilized local storage for users to save their favorite recipes, enhancing user experience and engagement
- Incorporated user authentication and login features to personalize the experience and allow users to save preferences securely
- Developed using JavaScript, CSS, and HTML, ensuring cross-browser compatibility and responsive design for optimal user experience

Wedding/Gift Planning Website - *title*	*March 2024*

- Gift pot...
- Gift pot...
